

EDUCATION

Degree / Board	Institution	Year	CGPA / %
B.Tech, Computer Science and Engineering	National Institute of Technology Raipur, Chhattisgarh	2024 – 2028	9.26 / 10
AISSCE (Class XII)	Kendriya Vidyalaya, Mahasamund, Chhattisgarh	2023	90.2%
AISSCE (Class X)	Kendriya Vidyalaya, Damoh, Madhya Pradesh	2021	98.2%

TECHNICAL SKILLS

Languages: C++, C, Java, Python, TypeScript, JavaScript, Kotlin, SQL, Bash, R
Frontend: React, Next.js, Astro, Vite, Tailwind CSS, Three.js, globe.gl, WebCodecs
Backend: Node.js, FastAPI, Fastify, REST APIs, WebSocket, Server-Sent Events, BullMQ, asyncpg
Databases: PostgreSQL, Supabase, pgvector, Redis, SQLite / D1, DynamoDB, Drizzle ORM
Cloud & DevOps: AWS (Lambda, S3, DynamoDB, Cognito, AppSync), Cloudflare Workers, Docker, GitHub Actions
AI / ML: PyTorch, Transformers, LoRA fine-tuning, probability calibration, RAG, multi-agent LLMs, MCP
Core CS: Data Structures & Algorithms, OOP, Operating Systems, DBMS, Computer Networks

EXPERIENCE

App Development Intern – School Management Platform

Jul 2026 – Sept 2026

Cloord Solutions Pvt. Ltd.
TypeScript, React Native/Expo, Next.js, AWS (Cognito, DynamoDB, AppSync, Lambda, S3)

- Built a multi-tenant school platform (Next.js API on Amplify, web portal, 4 Expo apps) for 1,000+ parents.
- Hardened 300+ API routes on DynamoDB with org isolation, conditional writes, transactions, and rate limits.
- Rebuilt fee payments with once-only settlement, an EventBridge sweeper, refunds, and receipt cancel windows.
- Secured 5 roles on Cognito and S3 presigned access; replaced public Lambda URLs with authenticated routes.
- Built live bus tracking on AppSync with driver bus claim, offline retry, TTL expiry; built a GPS staff app from scratch.

Research Intern – Real-time Sea-to-Air Speech Transmission

May 2025 – Jul 2025

Department of Physics, NIT Raipur | Supervisor: Prof. Y. Janapati
Python, NumPy, SciPy, Socket Programming, Digital Signal Processing

- Replicated and extended MIT Media Lab’s **TARF** acoustic-RF system (SIGCOMM 2018).
- Built a socket-based pipeline with < 200 ms latency and improved signal quality by **8–12 dB**.

PROJECTS

NEXUS – Multi-Agent LLM Orchestration Platform [GitHub]

Jul 2026 – Present

TypeScript, Node.js, Fastify, React, PostgreSQL, pgvector, Redis, BullMQ, Docker

- Built a self-hostable platform to run, compare and coordinate LLMs from 17 providers behind one streaming API.
- Designed council deliberation: parallel model dispatch, blind review and debate rounds merged into one verdict.
- Added agent teams with task boards, approvals and per-call budget checks that steer failover away from overspend.
- Built pgvector + BM25 hybrid memory, sandboxed code execution, and JWT auth with encrypted keys.

WorldFin – Geopolitical Market Advisory [GitHub] [Live]

Feb 2026 – Mar 2026

Python, FastAPI, PostgreSQL, PyTorch, Transformers, LoRA, TypeScript, Cloudflare, GitHub Actions

- Built an advisory mapping world news to affected sectors and tickers with invest or pull-out calls.
- Fine-tuned a ModernBERT classifier with LoRA; nightly retraining lifted held-out sector accuracy from **74%** to **82%**.
- Scored every call against the market move that followed, reporting hit rate, reliability and Brier score.
- Deployed at **\$0/month**: FastAPI on Render, Supabase Postgres, Cloudflare Pages, and ingest every **30 min**.

AdapFit – Adaptive Fitness and Recovery Engine [GitHub]

Aug 2026

Python, FastAPI, PostgreSQL, React Native/Expo, TypeScript, OpenCV, Docker

- Built a FastAPI and React Native wellness app that turns daily check-ins into train, reduce, recover or rest advice.
- Scored recovery against each user’s own baseline from HRV, sleep, training load, nutrition and self-report.
- Limited the LLM to rewording decisions, behind a safety policy that blocks diagnosis and fixes emergency replies.
- Built per-purpose consent, session revocation, encryption at rest and account erasure for India’s DPDP Act.

CERTIFICATIONS

- Oracle Certified Foundations Associate — Agentic AI

Aug 2026

• Redis Certified: Associate Software Operator

Jul 2026

• Hedera Certified Foundation (HCF), The Hashgraph Association

Aug 2026
